Enhancing Excellence

We are hosting In-service days at each of our Aveda Institute locations! We are putting the spotlight on enhancing your experience with us - we're delving into key areas including classroom management, clinical operations, product knowledge, and optimizing our admissions process to ensure every student's educational journey is exceptional.

These workshops are all about empowering our partners with the tools and insights they need to excel in their roles. We're committed to making your time with us the best it can be, and these initiatives are a testament to that commitment.
